Placement

## DIRECTIONS FOR ATTACHING ROPE/TETHER ATTACHMENT(S) TO BALL

1. Insert Rope/Tether Attachment into selected insert hole

2. Turn Rope/Tether Attachment 1/4 Turn to the Right, to lock Rope/Tether in place

3. Pull on Rope/Tether to ensure it is locked in place

4. To remove Rope/Tether from Insert Hole:  
Push in toward center of ball, 1/4 turn left, remove Tether/Rope from ball

## USING YOUR ROPE TRAINER SAFELY:

1. Hold baseball or softball in proper grip position, with tether attachment between index and middle fingers
2. Engage in throwing motion, HOLDING BALL AT ALL TIMES, as directed by coach or parent.  
See Instructional Video ([www.perfectpitchandthrow.com](http://www.perfectpitchandthrow.com)) for more information.
3. Proper follow through is indicated when rope brushes against players back at end of throwing motion.  
See Instructional Video ([www.perfectpitchandthrow.com](http://www.perfectpitchandthrow.com)) for more information.
4. NEVER HOLD The ROPE Trainer by rope/tether attachment or rope end. Trainer is ONLY intended for use when holding ball AT ALL TIMES.
5. Ball should NEVER leave user's grip for any reason. The ROPE Trainer should NEVER BE THROWN.
6. The ROPE Trainer should be used under supervision of an adult.
7. Improper use may result in accidental damage or injury- follow all instructions and safety guidelines.  
Use with adult supervision.
